## Multiplan participants:

As of Tuesday, 3/1/2011 I am pleased to announce we are partnering with Multiplan in the hopes that we can provide an additional benefit to our patients. Please review your insurance card and if you have the Multiplan or PHCS logo on the front or back of your card your benefits may change. Please confirm your change in benefits with your insurance company and provide a copy of your card to the front office.

In some instances we will be considered an in-network provider and your in-network benefits will apply. In other cases, we will still be providing your services to you as an out of network provider, but we will be accepting benefit assignment from your insurance company. In both cases you will be responsible for your deductible, co-pay, and/or coinsurance payments at the time of service.

Unfortunately, many insurance companies do not cover neurofeedback, extended-length sessions (i.e. 1 hour of therapy instead of the 1 unit/45 minute time frame that is scheduled for) or more than 1 service provided on the same day (i.e. individual/family therapy and neurofeedback) or the total amount testing units recommended by Dr. Texidor or any non-covered service. There may also be a maximum amount of total sessions allowed for a calendar or benefit year plan. Please be aware that you will be responsible for any of the services not covered or denied by your insurance plan at the time of service or at the time of denial at Dr. Texidor's private pay rate outlined in the office policies and procedures.

If you have any questions please contact the office at (480)899-0238.

Thank you,

Alberto J. Texidor, Ph.D.

Please sign and date below stating you are aware of the above changes and accept your payment responsibilities.
